# THE BOATHOUSE GINS

There is a reason why Gin and Sin rhyme. These are just a few of them from around the world, all special, all different but all very sinful. Straight, over ice or with tonic, lemon, lime or orange the choice is yours.

So enjoy these beautiful gins in this beautiful location.

## **Blackwood's Gin 40%**

A top quality gin made using botanicals from Shetland, including Wild Water Mint, Meadowsweet and Sea Pink flowers.

## **The Botanist Islay 46%**

An unusual gin from Bruichladdich's 'Ugly Betty' Lomond still. Botanist contains no fewer than 31 botanicals, of which 22 are native to the Scottish isle of Islay itself, including Mugwort, Meadow Sweet and the enigmatic Lady's Bedstraw flowers. Voted Best Spirit of the Year 2013.

## **Boudier Saffron Gin 40%**

The extraordinary (all-natural) colour of Boudier's Saffron gin is all from the gin's signature ingredient - the most expensive spice in the world.

## **Brecon Botanicals Gin 43%**

A small batch premium gin from Wales's Penderyn distillery. Originally produced for the gin-mad Spanish market, this is diluted to a punchier than usual 43%.

## **Dictador Colombian Aged Gin 43%**

Treasure is a Colombian aged gin from Dictador. The ingredients include the local Limon Mandarino (Tangerine Lemon) that provides a balance of sweetness and acidity.

## **Larios 12 Botanicals 40%**

Larios's premium gin, made with a mix of 12 botanicals. Quintuple distilled, with orange blossom added during the final distillation.

## **Zephyr Blue Elderberry Gin 40%**

A delightful infusion of Juniper and Elderberry with a hink of sweetness.

## **Langtons No 1 Gin 40%**

Using waters from Skiddw in the Lake District and seasoned bark from the area to create this tasty gin.

## **Broker's Gin 40%**

A delicious lip-smacking gin. Clean, fresh and a step up in quality from the normal run-of-the-mill juniper concoctions.

## **Dingle Gin 42.5%**

Our very own Kerry Gin and no list would be complete without it. Amongst other botanicals, there is rowan berry from the mountain ash trees, fuchsia, bog myrtle, hawthorn and heather for a taste of the Kerry landscape.

## **Hayman's Sloe Gin 26%**

A sloe gin from the Hayman family, a long standing English distilling dynasty, made to their secret family recipe. The only part we know is that wild English sloe berries are stepped in Hayman's gin for months before being blended with natural sugars

## **Ransom Old Tom Gin 44%**

Hails from Oregon and is unusually made using malted barley and corn spirit.

## **Strathearn Oaked Highland Gin 40%**

Made in Perthshire using classic gin with woodchips giving subtle hints of smoke.

## **Jodhpur Reserve London Gin 43%**

Inspired by India but aged in Spanish Oak with liquorice Root, Ginger and grapefruit Skin.

## **Darnley's View Gin 40%**

A Scottish gin, named for Mary Queen of Scots's husband Lord Darnley and produced by the Wemyss family of Edinburgh. Simply constructed from six botanicals for a well-flavoured London Dry style gin.

## **Williams Chase Saville Orange Gin 40%**

A joy of a gin Light, crisp, and fresh. A Summer's day gin.

## **No.209 Gin 46%**

A quality new potstill San Francisco gin made in very small batches and distilled five times for extra purity, using natural botanicals that are macerated overnight in the still. "...I rarely drink hard liquor, but I must say this was the smoothest gin I have ever had." - Robert Parker.

## **Whitley Neill Gin 42%**

An African inspired gin, made near Birmingham, UK, but containing baobab fruit and Cape Gooseberry to give it an even more exotic feel than other gins.

## **Brockmans Gin 40%**

A very unusual gin. Brockmans is flavoured with ten botanicals and is designed to be drunk over ice rather than with tonic due to its extremely fruity, quite sweet flavours.

## **Schwarzwald Monkey 47%**

A cult gin if ever there was one. Somewhat eccentric to claim that a recipe for gin has the power to unite great British traditions, the exoticness of India, and the purity and nativeness of the Black Forest. You can decide.

## **Bulldog London Dry Gin 40%**

A modern super premium gin from Norfolk wheat, Welsh water and 12 botanicals: Chinese dragon eye, Turkish white poppy seeds, Italian juniper, Moroccan coriander and German angelica lemon.

## **Knockeen Hills Heather Gin 47%**

## **Knockeen Hills Elderflower Gin 43%**

A rare use of "London Cut" dry gin indicating botanicals cut and distilled in London.
